

# Statement of Special Inspections

Project Name: ADDITION FOR CFD FIRE STATION No. 15  
Building Permit Number: \_\_\_\_\_  
Project Address: 3617 FRONTENAC AVENUE, CHARLOTTE, NC 28215  
Registered Design Professional in Responsible Charge (RD/PRC): WILLIAM S. ASHLIN, AIA

The following information is being submitted in accordance with the Special Inspection provisions of the North Carolina State Building Code. Attached to the Statement of Special Inspections (SISI) required for this project. This completed form is required to be placed on the drawings for plan review. After permit issuance, a listing of the Special Inspection Firm (SIF) and the Designated Special Inspectors (DSI) for each inspection type will be attached to this form and uploaded to www.meck-si.com prior to scheduling the Pre-Construction Meeting with Mecklenburg County Code Enforcement. No work is permitted to be performed until the Special Inspections Pre-Construction Meeting (see the meck-si.com website for details).

This and all subsequent reports, logs, testing records, and other related SIF documents shall be uploaded to the meck-si.com website within 10 business days of the event documented. Only documents that are prepared by Authorized Special Inspectors (ASIs), and approved by Designated Special Inspectors (DSIs) are valid and are permitted to be uploaded to the meck-si.com website. This SISI will notify the Department upon the discovery of information that would contravene the result of any information posted on meck-si.com, and update said information within 10 days.

The SISI is responsible for verifying all information on each document prior to approving and uploading it. The SISI is responsible for verifying each document that is uploaded and stored on the meck-si.com website, in the correct document and it is associated with the correct address in the database on meck-si.com. The SISI is responsible for checking any documents that have incorrect address or contain errors, and reuploading the correct information or documents into meck-si.com. The SISI is responsible for verifying all ASIs maintain current certification during the course of the project, so that to maintain current certification may need to be a retest document. At the conclusion of each individual Special Inspection type, the SISI will complete a Final Report and upload it to the meck-si.com website. The RD/PRC is responsible for completing the RD/PRC Letter at the conclusion of all Special Inspections.

The Special Inspection program outlined herein, does not relieve the Contractor or any other entity of any contractual duties, including quality control, quality assurance, or safety. The Contractor is solely responsible for construction means, methods, and job site safety. Failure to adhere to the SIF program as outlined herein, and on meck-si.com, may result in a stop work order being issued by the Department.

Respectfully submitted,  
The Registered Design Professional in Responsible Charge,

WILLIAM S. ASHLIN, AIA
