O'Reilly Auto Parts - Response Letter - Panama City, FL (PM1)  
 Order No. 18-047559-01

We are in receipt of an email from ESA requesting information regarding the roof curb connection to the MR24 roof supporting structure supplied by Butler Manufacturing.

The curb installed, per the attached plan, will support a wind speed of 135 mph (alt), exposure C.

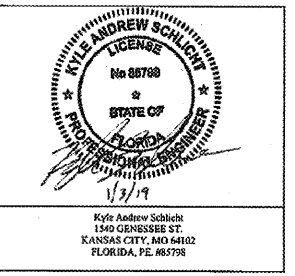

Fasteners, from the O'Reilly supplied roof top unit to Butler supplied curb, are not supplied by Butler and will require review by a qualified engineer.

Let us know if we can be of any further assistance.

Respectfully submitted,  
  
 Kyle Andrew Schlicht, PE
