Know what's below. Call before you dig.

Utilities shown are for Contractor convenience. Items are shown approximately and neither the site design professional nor the owner assume any responsibility for reliance on these utility locations. This plan may not show and/or may incorrectly show utilities located on site. Contractor shall be responsible to locate and use the services of a private utility locator firm during the entire course of work and shall pay for such services. Contractor shall locate utilities prior to any excavation, including but not limited to, trenching, boring, and other work to be done and provided. Contractor shall notify the site design professional of any utility conflicts prior to installation of new utilities, piping, etc. The Contractor, at their expense, shall be responsible to repair, replace and/or relocate any existing utilities, piping, etc. of utilities shown on or not shown on this plan, including, but not limited to, gas, water, sewer, electric, etc. of utilities shall be coordinated with the respective utility company.
