II. CONSTRUCTION SITE ACTIVITY INFORMATION AND FEE CALCULATIONS

Start Date: _____ Completion Date: _____

Registered by a certified Local Issuing Authority (LIA): □ Yes □ No

Name of Local Issuing Authority: _____

Is this an Agricultural Building? (Exclusively Roads): □ Yes □ No

Is this a public water system road(s)? □ Yes □ No

Is this project regulated by the Public Service Commission (PSC)? (ex. Electricity, natural gas, telecom, pipeline): □ Yes □ No

Is this project under the direct supervision of the Natural Resource Conservation Service (NRCS)? □ Yes □ No

Is this a construction and/or maintenance project undertaken within highway rights-of-way of which 40% or more is part of the Department of Transportation, the Georgia Highway Authority, or the State Road and Tollway Authority? □ Yes □ No

Is this a road construction and/or road maintenance project (including extension, alteration, and/or new construction) of 1 mile or more in length? □ Yes □ No

□ Acres Disturbed (by this reported work) (1/2 fee): _____ X $500/acre = _____

Registered by a certified Local Issuing Authority

TOTAL FEE SUBMITTED = _____

Does the Grades, Intermediate and Pollution Control Plan (Plan) provide for discharging more than 50 acres at any one time for each individual permitted (i.e., primary, association or owner) permittee, or more than 10 contiguous acres total at any one time?

□ YES: _____ Date of EPD Notice Authorization

□ NO

□ N/A - If construction activities are covered under the General NPDES Permit No. GAR100002 for infrastructure construction projects

Construction Activity Type:

○ Commercial □ Industrial ○ Multi-Dwelling/Attached □ Mixed Use

□ Water Dependent/Aquatic Habitat Modification □ Linear ○ Utility □ Residential

□ Agricultural Buildings □ Other: _____

III. RECEIVING WATER INFORMATION

A. Name of MS4 Receiving Waterbody: _____

□ Does Stream □ Water Supporting Warm Water Fisheries

B. Name of MS4 Receiving Waters: _____

□ N/A ○ Trout Stream □ Water Supporting Warm Water Fisheries

Name of MS4 Owner/Operator: _____

C. Waterbody of Receiving Stream(s):

○ Trout Stream (I.D. 391.5) □ Water Supporting Warm Water Fisheries (I.D. 391.6)

D. Sampling for Outfall:

□ N/A

□ Does Stream

□ Water Supporting Warm Water Fisheries

A summary chart (or spreadsheet) delineating the following information for each outfall must be attached:

Number of Sampling Outfalls: _____ Construction Site Size (acres): _____

Accurate (8 Digit) Hydrologic Unit Code (HUC) for Receiving Waters: _____ Surface Water Drainage Area (square miles): _____

E. Does the facility/construction site discharge storm water into an Impaired Stream Segment, or within one (1) linear mile upstream of and within the same watershed as, any portion of an Impaired Stream Segment identified as "not supporting" or "needing verification" on the State's most current 305(b)/303(d) List Documents (Final)* at the time of NOI submittal? (To verify the nearest Impaired Stream Segment, refer to the Rivers & Streams Geodatabase Map Service (Interactive Mapper) and select "Site Id" Impaired Waters/Wetlands (Assessed Waters) within Category 4a, 4b or 4c and the 5th Digit Hydrologic Unit Code (HUC) that is the closest to the project site. Impaired Stream Segments are those that are located within one linear mile of, and within the same watershed as, discharges that are not located within the watershed of any portion of that stream segment, and are listed from the most recent State's 305(b)/303(d) List Documents (Final)* can be viewed on the EPD website: http://epd.georgia.gov/watershed-protection-branch-standards-and-assessments. Attach a written description and location map identifying the nearest downstream Impaired Stream Segment(s).

□ Yes □ No, Name of Impaired Stream Segment(s): _____

F. Does the facility/construction site discharge storm water into an Impaired Stream Segment where a Total Maximum Daily Load (TMDL) Implementation Plan for "sediment" was finalized at least six (6) months prior to the submittal of this NOI?

□ No ○ Yes, Name of Impaired Stream Segment(s): _____

HOW TO SUBMIT THIS NOTIFICATION

1. ~~Complete this form (print or type) and sign. Please retain a copy of the completed and signed form for your records.~~
2. ~~Mail the signed copy with the applicable attachments to the appropriate EPD District Office (mailing addresses listed on Pages 8-9). Do not send checks/money orders to the EPD District Offices.~~
3. If fees are required, sign a second copy of this completed form. ***DO NOT MAIL CASH.*** Make check/money order payable to: Department of Natural Resources – EPD.
4. Mail the check/money order with the second copy of the completed and signed form to:

INSTRUCTIONS

NOTICE OF INTENT - PRIMARY PERMITTEE

For Coverage Under the 2013 Re-Issuance of the NPDES General Permits To Discharge Storm Water Associated With Construction Activity

~~*THESE PERMITS EXPIRE JULY 31, 2018*~~

Electronic submittal is now available - To submit this Notice of Intent electronically please go to:

https://geoes.epd.georgia.gov/GA/GECSS/Public/GovEnt/Shared/Pages/Main/Login.aspx

For instructions on how to do this, please go to:

https://epd.georgia.gov/geos/documents/construction-stormwater-instructions

Please print or type the Notice of Intent (NOI) form. Any NOI that contains illegible or incomplete information will not be accepted, will be returned and the construction site will not be granted Permit coverage. All information requested on the NOI must be submitted in order for the NOI to be valid. Any information requested on the NOI that is not applicable to the primary permittee or to the construction site must be marked "N/A." Please do not leave any sections blank in the NOI.

Who must file a Notice of Intent Form - The Owner and/or Operator of a facility/construction site that has a discharge of storm water where construction activities occur must apply for a National Pollutant Discharge Elimination System (NPDES) Permit. The Georgia Environmental Protection Division (EPD) re-issued the General NPDES Permits for Storm Water Discharges Associated with Construction Activity on September 24, 2013. The Permits are available for review at the EPD District Offices and on the EPD website, epd.ga.gov/nps. It is highly recommended that the permittees read and understand the terms and conditions of the Permits prior to submitting a NOI. Please contact the appropriate EPD District Office as listed on the following pages for assistance in completing the NOI.

Where to file a Notice of Intent Form - The NOI and the attachments, as applicable, must be submitted to the appropriate EPD District Office as listed on the following pages. Please submit only the last two pages of this document with the applicable attachments.

Section I - Site/Owner/Operator Information

The construction site name and location information (i.e., GPS location of construction exit, street address, city, county) must be sufficient to accurately locate the construction site. If the construction site does not have a street address, please provide sufficient information to accurately locate the construction site. If additional space is needed, attach the location information to this NOI.

A duly authorized representative may be either a named individual or any individual occupying a named position that the primary permittee has authorized to sign certification statements, inspection reports, sampling reports or other reports requested by EPD.

The facility/construction site contact is the person who the primary permittee has assigned the responsibility for the daily on-site operational control.

Please do not leave any blanks in this section. Any information requested on this NOI that is not applicable to the primary permittee or to the construction site must be marked "N/A."

Section II – Construction Site Activity Information and Fee Calculations

The Primary Permittee is solely responsible for the payment of fees for all ***planned*** land disturbing activities, including all land disturbing activities within a common development planned by the Secondary Permittees and/or Tertiary Permittees. Estimated disturbed acreage is the total number of acres, to nearest tenth (1/10th) acre. Only the Primary Permittee is responsible for paying the NPDES General Permit fees.

If the Primary Permittee has already paid the applicable fees, the Primary Permittee does not pay any additional NPDES General Permit fees, unless the scope of work covered under the NPDES General Permit will be increased.

*For land disturbing activities submitting an **initial** Notice of Intent in an area with no certified Local Issuing Authority, **OR** for land disturbing activities not regulated by a certified Local Issuing Authority, the Primary Permittee shall pay a fee of **$80 per acres disturbed** to EPD (to the nearest tenth (1/10th) acre).*

Land disturbing activities not regulated by a certified Local Issuing Authority include, but are not limited to:

- *Construction of public water system reservoirs.*
- *Land disturbing activities conducted by any electric membership corporation or municipal electrical system or any public utility under the regulatory jurisdiction of the Public Service Commission, any utility under the regulatory jurisdiction of the Federal Energy Regulatory Commission, any cable television system as defined in O.C.G.A. §36-18-1, or any agency or instrumentality of the United States engaged in the generation, transmission or distribution power, except when the project is located within a common development as described in the NPDES General Permits.*
- *Construction of agricultural buildings (e.g., barns, poultry houses).*
- *Construction or maintenance projects undertaken or financed by the Department of Transportation, the Georgia Highway Authority, the State Road and Tollway Authority, or any county or municipality, except when the Department of Transportation, the Georgia Highway Authority or the State Road and Tollway Authority is a Secondary Permittee for a common development.*
- *Projects carried out under the technical supervision of the Natural Resources Conservation Service of the United States Department of Agriculture.*

*For land disturbing activities submitting an **initial** Notice of Intent regulated by a certified Local Issuing Authority, the Primary Permittee shall pay a fee of **$40 per acres disturbed** to EPD **AND** a fee of **$40 per acres disturbed** to the Local Issuing Authority (to the nearest tenth (1/10th) acre). Payments to the Local Issuing Authority should be made in the manner required by the Local Issuing Authority and should not be submitted to EPD. The NPDES General Permit fees and any additional fees required by the Local Issuing Authority's land disturbing activity fees that are required by the Local Issuing Authority.*

Make checks/money orders payable to: Department of Natural Resources – EPD

Please do not leave any blanks in this section. Any information requested on this NOI that is not applicable to the primary permittee or to the construction site must be marked "N/A."

Section III - Receiving Water Information

"Trout Streams" are waters of the State classified as either primary trout waters or secondary trout waters, as designated in the Rules and Regulations for Water Quality Control, Chapter 391-3-6 at rules.ga.gov. "Waters Supporting Warm Water Fisheries" are all waters of the State that sustain, or have the potential to sustain, aquatic life but exclude "Trout Streams."

If the facility/construction site discharges storm water directly or indirectly to the receiving water(s), and not through a municipal separate storm sewer system (MS4), enter the name of the receiving water(s) and indicate whether the receiving water(s) is a trout stream or a warm water fisheries stream. Attach a written description and location map identifying the receiving water(s).

If the facility/construction site discharges storm water to a municipal separate storm sewer system (MS4), enter the name of the owner/operator of the MS4 (e.g., city name or county name) and the name of the receiving water(s) to which the MS4 discharges. Include the name of the MS4 as a conveyance or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels or storm drains) that is owned or operated by a city, county, special district, or other public entity designed or used for collecting or conveying storm water. It may be necessary to contact the city, county, and/or owner/operator of the MS4 to determine the name of the receiving water(s). Indicate whether the receiving water(s) is a trout stream or a warm water fisheries stream. Attach a written description and location map identifying the receiving water(s).

Any permittee who intends to obtain coverage under the Permit for storm water discharges associated with construction activity into an Impaired Stream Segment, or within one (1) linear mile upstream of and within the same watershed as, any portion of an Impaired Stream Segment identified as "not supporting" or "needing verification" on the State's most current 305(b)/303(d) List Documents (Final)* at the time of NOI submittal must first verify the nearest Impaired Stream Segment, refer to the Rivers & Streams Geodatabase Map Service (Interactive Mapper) and select "Site Id" Impaired Waters/Wetlands (Assessed Waters) within Category 4a, 4b or 4c and the 5th Digit Hydrologic Unit Code (HUC) that is the closest to the project site. Impaired Stream Segments are those that are located within one linear mile of, and within the same watershed as, discharges that are not located within the watershed of any portion of that stream segment, and are listed from the most recent State's 305(b)/303(d) List Documents (Final)* can be viewed on the EPD website: http://epd.georgia.gov/watershed-protection-branch-standards-and-assessments. Attach a written description and location map identifying the nearest downstream Impaired Stream Segment(s).

If a Total Maximum Daily Load (TMDL) Implementation Plan for sediment has been finalized at least six (6) months prior to the permittee's submittal of the NOI, then the Erosion, Sedimentation and Pollution Control Plan (Plan) must address any site-specific conditions, requirements or additional measures that are applicable to the permittee's discharge(s) to the impaired stream segment, as specified in the TMDL Implementation Plan. If the TMDL implementation Plan establishes specific numeric wasteload allocations (WLAs) that applies to the permittee's discharge(s) to the impaired Stream Segment, then the permittee must include in its Erosion, Sedimentation and Pollution Control Plan and implement all necessary measures to meet the WLAs. A list of TMDL Implementation Plans can be viewed on the EPD website, http://epd.georgia.gov/water-quality-branch-standards-and-assessments.

Please do not leave any blanks in this section. Any information requested on the NOI that is not applicable to the primary permittee or to the construction site must be marked "N/A."

Section IV - Certifications

The owner and/or operator must sign the Notice of Intent and check the certification statements on the lines provided. Federal and State statutes provide specific requirements as to who is authorized to sign the Notice of Intent forms. A Notice of Intent form signed by an unauthorized person will not be valid. Please be aware that Federal and State statutes provide for severe penalties for submitting false information on this Notice of Intent form. Federal and State regulations require that the Notice of Intent form be signed as follows:

- For a corporation, by a responsible corporate officer;
- For a partnership or sole proprietorship, by a general partner or the proprietor; and
- For a municipality, State, Federal or other public facility, by either a principal executive officer or ranking elected official.
